KINDRED SPIRIT MAGAZINE REVIEW

WOW, what an adventure!

David's gift for writing makes this book read like fiction, but the best part is that it's all true! You learn the principles that opened up superb possibilities in David's life and you can learn how to apply them to yours as well. I very much enjoyed this fresh new take on the books and ideas I have known and loved for Decades.

Highly recommended.

~ DAVID SERLIN: ABOUT THE AUTHOR ~

Following a successful career in sales and marketing, **David Serlin** now devotes his time to healing, writing and teaching the dynamic principles of **New Thought** and **Science of Mind**.

David is a qualified and experienced Healer (mmfsh), Teacher of Positive Thinking (DipPT Peiffer Foundation), published author and licensed Practitioner of New Thought/Science of Mind.

Power For Good is David's second book. His first, **Highway To Healing**, told the remarkable but true story of David's late father **Leonard Serlin**, a well-known and respected healer around the world.

David, together with his wife Linda, are also Regional Joint Presidents for INTA (International New Thought Alliance) and in 2010 won the Mary Hogan District Presidents for promoting the positive, life affirming principles of New Thought to an ever expanding audience. They also co-founded the Kings Langley New Thought/Spiritual Living Group, now in its 22nd year, and therefore the longest running active Science of Mind Group in the UK. The group has continued to grow and evolve and has become a mini spiritual community and extended family. Meeting fortnightly in person, and more recently on zoom, the group has been host to many eminent speakers from the worldwide New Thought movement.

In 2007 David and Linda conceived of, organised and hosted the first ever Science of Mind Conference in the UK (and the first New Thought Conference for almost one hundred years!) at the Rudolf Steiner School in Kings Langley, which attracted over two hundred visitors from all over the world.

It was truly a life changing event for many of the participants.

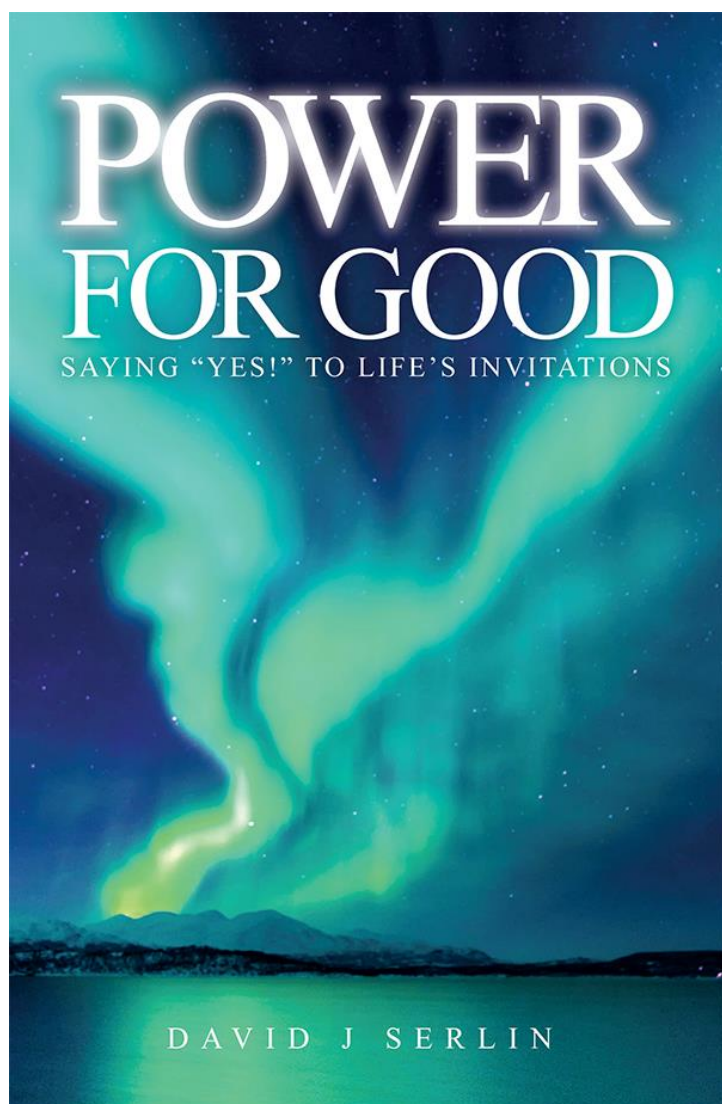

David and Linda also hosted a follow up conference in 2009 at the Watford Hilton, which featured New Thought luminary Dr Roger Teel, the ex-senior minister of the Mile Hi Centre for Spiritual Living in Denver Colorado - one of the biggest New Thought Churches in the world – with music from New Thought musicians Karen Drucker and Michael Gott.

And in 2020 David and Linda launched the UK's first New Thought Facebook group, which has grown to over 330 keen and eager members already. You can visit the group [here](#).

David and Linda continue to work together as a team, and believe passionately in 'Practical Spirituality', the art of helping and encouraging people to apply the principles of New Thought and Science of Mind to their everyday lives. They believe that miracles happen 'through us and not to us', and that as we raise our consciousness and awareness, we may begin to harness the Power for Good that is available to all.

Amidst the chaos and confusion, it is good to know there is a Power For Good that can break through the negativity and delusion.
